

I'm over here!

Excuse me, can you help.....?

Don't worry, next time you are passing will do.

Can we talk now?.....Ok it's time for breakfast.

I just wanted to....."*Medication, Please line up*"

Later then maybe.

Can you spare me a few moments?

"It's time for OT now, sorry!"

Have you got a moment?

"Time for lunch"

Is it possible to have a chat?

"Medication, please line up"

Can I have a word please?

"Perhaps after Badminton"

It doesn't matter....Why did I bother?

"Dinner time, line up"

"Time for your medication, orderly queue please"

"Hi, I have not got long as it's the end of shift soon, you wanted a word?"

Just wanted to know what day it was?
